

Annual Statistical Bulletin 2015

Second Edition: Volume 1

FOREWORD

The annual statistical bulletin of the Non-Bank Financial Institutions Regulatory Authority (NBFIRA) aims to disseminate information on the financial performance of regulated non-bank financial sector entities for use by the wider public, in particular, the regulated entities. The published data is based primarily on audited financial information as submitted to *the Regulatory Authority* by regulated entities. In addition, other information on the financial sector and / or the global macro-economic statistics deemed to be relevant is also included.

The information disclosure is done in accordance with the provisions of Section 38 of the NBFIRA Act, CAP 46:08 which *inter alia*, provides that NBFIRA may:

- (i) Disclose a summary or collection of information that is prepared so that information relating to any particular person cannot be found from it;
- (ii) The disclosure is authorized by a financial services law;
- (iii) The disclosure was required by another law; and
- (iv) The disclosure was authorized by regulations made for the purpose of this section.

Volume 1 of The **2015 Annual Statistical Bulletin** is a second edition following the inaugural document for the year 2014. The Bulletin presents audited information submitted during the preceding calendar year. The 2015 Annual Statistical Bulletin will be **final hard copy print** but the document will continue to be produced and posted to *the Regulatory Authority's* website under the Research Department publications.

The Regulatory Authority welcomes comments on the content of the publication from all stakeholders in order to better service their information needs. The Board, Management and Staff of NBFIRA conveys their gratitude and appreciation to all stakeholders for their support and co-operation during the data collection, compilation and printing processes. These includes regulated NBFIs, Government Departments and other institutions.

Finally, appreciation also goes to all NBFIRA staff for their contribution in the successful production of this document.

Sriram Gade
Acting Deputy CEO – Regulatory

1 INTRODUCTION

1. Introduction

1.1 About the NBFIRA Annual Statistical Bulletin

1.1.1 Sources of data

The NBFIRA Statistical Bulletin presents information sourced from Audited Financial Statements and other statutory returns submitted to **the Regulatory Authority**. Where feasible, the document will include results of thematic surveys conducted by **the Regulatory Authority**.

1.1.2 Reporting Period

The 2015 NBFIRA Annual Statistical Bulletin presents data submitted during the five year period ending December 31, 2014.

1.1.3 Reporting Currency

All figures are in the Botswana Pula (BWP). As at December 31, 2014 1BWP = 0.1051 USD or 1 USD = 8.72 BWP.

1.1.3 Breakdown of Financial Summaries

Breakdown of financial position and statement of comprehensive income figures in Appendix 1 to Appendix 20 may deviate from actual figures due to varying disclosures made in audited financial statements of the NBFIs under the same category.

1.2 Selected Economic Indicators

- 1.2.1 During the year 2014, the global economy expanded moderately by 3.4 percent, compared to 3.3 percent in 2013. The modest growth reflects mixed performance between regions and countries as affected differently by falling commodity prices. The modest world economic growth, together with the falling commodity prices, resulted in a relatively low inflation environment, with the inflation rate easing to 3.2 percent in 2014 from 3.6 percent in 2013. Consistent with the easing global inflation, monetary policy implementation around the world was largely accommodative, with low interest rates also supporting liquidity in the financial sector
- 1.2.2 Domestically, GDP growth during the same period, slowed down to 4.4 percent from 9.3 percent in 2013 (revised up from 5.9 percent) and was undermined by low demand of diamond exports. Similarly, inflation continued a downward trend ending the year 2014 at 4.4 percent, from 5.9 percent in 2013. The monetary policy stance remained accommodative with the Bank rate remaining unchanged at 7.5 percent throughout the year 2014.

Financial Performance of the NBFIs

2. Financial Performance Overview

2.1. Overview of Financial Performance of the regulated NBFI during the year ended December 31, 2014

2.1.1 Table 6 (a) and 6 (b) presents the key balance sheet and income statement items of the regulated non-bank financial services sector (*own company assets*) as end of December 2014 compared to the prior year, whereas Table 7 shows assets under management (AUM) by the NBFI sector relative to GDP. The total assets of the NBFI sector (*own and AUM*) increased by 5 percent to P 95 billion (without Medical Aid Funds) in 2014 from P 91 billion in 2013; these assets includes own company balance sheet items and assets under management of management companies. In 2014, the NBFI sector assets were 66.2 percent when expressed as a percent of GDP at market prices, compared to 73.5 percent in 2013 and continued to underscore the importance of the non - bank sector in the economy of Botswana.

a) **Overview of the NBFI sector Balance Sheet (Excluding Pension Funds)**

2.1.2 **Total assets in the balance sheet** of the companies in the NBFI sector increased to P 33.7 billion in 2014, from P 30.5 billion in the previous year, representing an 10 percent annual growth rate. During the year ended December 2014, all the NBFI sector companies registered a positive growth in assets, except for the insurance brokers and Management Companies for CIUs whose assets declined by 27 percent and 18 percent, respectively. The general re-insurance sector continued to grow significantly, registering a 286 percent increase in 2014. Another strong assets growth of 88 percent was reported for the Central Securities Depository Botswana (CSDB).

2.1.3 The NBFI sector registered a strong annual **capital growth** of 49 percent to P 6.1 billion in 2014, from P 4.1 billion in 2013. Growth in capital was underpinned by strong growth in the insurance industry and capital market sectors, which grew by 57 percent and 49 percent, respectively. In the insurance sector, the re-insurance and the Life insurance companies registered 288 percent and 41 percent capital growth, respectively. While, the Stockbrokers and the CSD companies registered 69 percent and 50 percent annual capital growth rates, respectively.

2.1.4 **Liabilities** of the NBFI sector were well managed, registering a modest overall growth rate of 5 percent during the year. All NBFI registered a decrease in liabilities, except for the insurance sector and the investment institutions, who registered a 6 percent and 4 percent growth in liabilities, respectively.

b) **Overview of the NBFI sector Income Statement (Excluding Pension Funds)**

2.1.5 During the year ended December 31, 2014, the **gross income** of the companies in the NBFI sector was P 7.1 billion, which represented an 7 percent decrease over the prior year. All NBFI recorded an increase in gross income, but this was more than offset by the declines registered by Investment Institutions and Lending sectors, who registered declines of 27 percent and 18 percent, respectively.

2.1.6 **Net income before tax** of the NBFI sector increased by 26 percent buoyed by a significant decline in overall expenses by 24 percent. The Lending sector registered a decrease in profits of 22 percent, despite a significant decline in expenses of 14 percent. The aggregate profits for the NBFI

sector increased to P 1.9 billion in 2014, from P 1.5 billion in 2013. The highest profits were registered by Insurance companies followed by Investment Institutions; viz., P 1 billion and P 0.5 billion, respectively. However, in terms of growth rates, the Investment Institutions led the pack by registering 268 percent, followed by Capital markets sector who registered a 92 percent increase in profits before tax over the corresponding period.

c) Performance of Assets under Management (AUM) during 2014

- 2.1.7 As at December 31, 2014, overall Assets under Management (AUM) increased by 2 percent to P61.5 billion in 2014, from P60.1 billion recorded in 2013. The proportion of Retirement / Pension funds to the overall AUM decreased moderately to 96.6 percent in 2014, compared to the revised 97.2 percent in the prior year.
- 2.1.8 Overall AUM relative to GDP at Market prices recorded a decrease to 43 percent in 2014, from the revised 48 percent in 2013, representing a 9 percent decline. Retirement funds under management registered a modest 1.6 percent annual growth to P 59.4 billion in 2014, from P 58.4 billion in 2013.
- 2.1.9 Non - Collective Investment Undertakings, as a percent of GDP, declined by 8 percent on a year-on-year basis from 44.3 percent in 2013. CIU Assets relative to GDP also registered an even bigger decrease of 26 percent during the review period, albeit from a lower base.

NOTES: 1. Figures for policy numbers of three entities have not submitted

2. Some entities issue multi-cover policies, hence the summation across classes of business is invalid as a policy may contain more than one cover (class of business) leading to double counting

3. The General Insurance Business figures for numbers of policies are representative of only 5 companies, as the rest are multi-policies often embedded in one product

- Information presented in this table is not statutory requirement by the Authority. It was however requested from individual entities, but only ten out of twelve entities responded. This makes the annual changes not applicable,

3.1.3 Medical Aid Funds and Medical Aid Fund Administrators

3.1.3.1 Overview of Medical Aid Funds

In terms of Section 2 of the NBFIRA Act CAP 46:08, Medical Aid Funds (“MAFs”) are subsumed under the definition of an insurer. As a result, MAFs are regulated NBFIs in accordance with the provisions of Section 49(2) of the NBFIRA Act. A consultancy tasked with the development of draft MAF regulations was concluded in January 2016 and the draft is under discussion with the Ministry of Finance and Development Planning (MFDP) whereas other stakeholders will be consulted subsequently.

In the interim, MAFs are required to seek letters of exemption from licensing from the Regulatory Authority in order to conduct health insurance business in accordance with the statutes. The letters of exemptions are issued subject to fulfillment of minimum regulatory requirements including, inter alia, passing the fit and proper tests for key personnel, disclosure of involvement in any financial crime investigations over the past 10 years (domestic or international), compliance to selected prudential rules for insurance companies and the submission of audited financial statements within four months following the end of the financial year.

NOTES:

1. Figures for policy numbers of three entities have not submitted
2. Some entities issue multi-cover policies, hence the summation across classes of business is invalid as a policy may contain more than one cover (class of business) leading to double counting
3. The General Insurance Business figures for numbers of policies are representative of only 5 companies, as the rest are multi-policies often embedded in one product
